In the event that the parties are unable to resolve any Dispute through negotiation, such parties shall first attempt to settle such Dispute through a nonbinding mediation proceeding. In the event any party to such mediation proceeding is not satisfied with the results thereof, then any unresolved disputes shall be finally settled in accordance with a binding arbitration proceeding. In no event shall the results of any mediation proceeding be admissible in any arbitration or judicial proceeding.

(a) Mediation. Mediation proceedings shall be conducted in accordance with the Commercial Mediation Rules of the American Arbitration Association (the "AAA") in effect on the date the notice of mediation was served, other than as specifically modified herein, and shall be nonbinding on the parties thereto.

Any party may commence a mediation proceeding by serving written notice thereof to the other parties, by mail or otherwise, designating the issue(s) to be mediated and the specific provisions of this Agreement under which such issue(s) and dispute arose. The initiating party shall simultaneously file two copies of the notice with the AAA, along with a copy of this Agreement. A party may withdraw from the Dispute by signing an agreement to be bound by the results of the mediation, to the extent the mediation results are accepted by the other parties as provided herein. A party who withdraws shall have no further right to participate in the Dispute.

The parties shall select one neutral third party AAA mediator (the "Mediator") with expertise in the area that is in dispute. If a Mediator has not been selected within five (5) business days thereafter, then a Mediator shall be selected by the AAA in accordance with the Commercial Mediation Rules of the AAA.

The Mediator shall schedule sessions, as necessary, for the presentation by all parties of their respective positions, which, at the option of the Mediator, may be heard by the Mediator jointly or in private, without any other members present. The mediation proceeding shall be held in San Francisco, California or such other place as agreed by the Mediator and all of the parties. The parties may submit to the Mediator, no later than ten (10) business days prior to the first scheduled session, a brief memorandum in support of their position.

The Mediator shall make written recommendations for settlement in respect of the Dispute, including apportionment of the mediator's fee, within ten (10) business days of the last scheduled session. If any party involved is not satisfied with the recommendation for settlement, he may commence an arbitration proceeding.

(b) Arbitration. Binding arbitration proceedings shall be conducted under the Rules of Commercial Arbitration of the AAA (the "Rules"). A party may withdraw from the Dispute by signing an agreement to be bound by the results of the arbitration. A party who withdraws shall have no further right to participate in the Dispute.

The arbitration panel shall consist of one arbitrator. The parties shall select one neutral third party AAA arbitrator (the "Arbitrator") with expertise in the area that is in dispute. If an Arbitrator has not been selected within five (5) business days thereafter, then an Arbitrator shall be selected by the AAA in accordance with the Commercial Arbitration Rules of the AAA. The arbitration proceeding shall be held in San Francisco, California or such other place as agreed by the Arbitrator and all of the Members. Any arbitrator who is selected shall disclose promptly to the AAA and to both parties any financial or personal interest the arbitrator may have in the result of the arbitration and/or any other prior or current relationship, or expected or discussed future relationship, with the parties or their representatives. The arbitrator shall promptly conduct proceedings to resolve the dispute in question pursuant to the then existing Rules. To the extent any provisions of the Rules conflict with any provision of this Section, the provisions of this Section shall control.

In any final award and/or order, the arbitrator shall apportion all the costs (other than attorney's fees which shall be borne by the party incurring such fees) incurred in conducting the arbitration in accordance with what the arbitrator deems just and equitable under the circumstances. The parties agree that the results of the arbitration shall be binding and non-appealable.

Discovery shall not be permitted in such arbitration except as allowed by the rules of arbitration, or as otherwise agreed to by all the parties of the Dispute. Notwithstanding, the parties agree to make available to one another and to the arbitrator, for inspection and photocopying, all documents, books and records, if determined by the arbitration panel to be relevant to the Dispute, and by making available to one another and to the arbitration panel personnel directly or indirectly under their control, for testimony during hearings if determined by the arbitration panel to be relevant to the Dispute. The parties agree, unless undue hardship exists, to conduct arbitration hearings to the greatest extent possible on consecutive business days and to strictly observe time periods established by the Rules or by the Arbitrator for the submission of evidence and of briefs. Unless otherwise agreed to by the parties, a stenographic record of the arbitration proceedings shall be made and a transcript thereof shall be

ordered for each party, with each party paying an equal portion of the total cost of such recording and transcription.

The Arbitrator shall have all powers of law and equity, which it can lawfully assume, necessary to resolve the issues in dispute including, without limiting the generality of the foregoing, making awards of compensatory damages, issuing both prohibitory and mandatory orders in the nature of injunctions and compelling the production of documents and witnesses for presentation at the arbitration hearings on the merits of the case. The arbitration panel shall neither have nor exercise any power to act as amiable compositeur or ex aequo et bono; or to award special, indirect, consequential or punitive damages. The decision of the arbitration panel shall be final and in written form and state the reasons upon which it is based. The statutory, case law and common law of the State of California shall govern in interpreting their respective rights, obligations and liabilities arising out of or related to the transactions provided for or contemplated by this Agreement, including without limitation, the validity, construction and performance of all or any portion of this Agreement, and the applicable remedy for any liability established thereunder, and the amount or method of computation of damages which may be awarded, but such governing law shall not include the law pertaining to conflicts or choice of laws of California.

Any action or proceeding subsequent to enforce an Award rendered by the arbitrator in the Dispute shall be filed in a court of competent jurisdiction in the same county where the arbitration of the Dispute was conducted, and California law shall apply in any such subsequent action or proceeding.

The parties agree to participate in the arbitration in good faith. This Section applies equally to requests for temporary, preliminary or permanent injunctive relief, except that in the case of temporary or preliminary injunctive relief any party may proceed in court without prior arbitration for the limited purpose of avoiding immediate and irreparable harm.

IN WITNESS WHEREOF, and intending to be legally bound, the parties have executed this Agreement on the dates set forth below to be effective as of the date first set forth above.
